I am seriously interested in BDSM, but not only in the...

I love to chat and meet new exciting people – hate racism and macho behavior. JazzyLounge and Havasu are my favorite rooms whereas I detest rape rooms.

I love my girls, my sister and her mistress – rude idiots can stay away from me.

Currently I'm planning a project together with other experienced BDSMers to put the topic BDSM in right perspective and to simplify the exchange for beginners and experienced and to create a safe environment – In January there will be more news.

Noir's wife Anong about NoirDesire:

You are the light that brightens desolate evenings, You are the arm that holds me when I am feeling not well. You are the mouth I kiss when I am well, You are all I wish for.

MissJanetWeiss (regular DJane at ManoirDesire) about NoirDesire:

Noir is wonderful and always has been! One of my favorite people here. Not always easy, seductive, sassy, real and direct. Thanks to her clubs and thanks to your friendship and good advice I have a wonderful time here. When I need someone to lean on, Noir is always there. A part of my world that can not be missed.

First, quickly create a current survey...

... then relax a little

...before the nightlife starts.

PETHUNTER

Noir is rarely found alone.

Even when she sings, her friends bravely stay with her.

PETHUNTER

No here no one has criticized and is punished....

what looks like "punish" is more like "reward".

after the meal still a dessert?
